

# Shubham

## Software Developer

I'm a dedicated Frontend Developer currently studying at Chandigarh University. From being a school topper in 2018 and raising funds for cancer patients, to winning cricket tournaments and exploring UI/UX design, my journey reflects a mix of passion, growth, and hands-on experiences. Rooted in programming and design fundamentals, I excel in shaping user-centric digital solutions. Proficient in communication, I leverage my experiences to effectively convey ideas and collaborate within teams. Chandigarh University recognized me as an "Excellent Learner" in 2023. Joining the tech and design realms, I'm equipped to create innovative interfaces, blending aesthetics with functionality.
